

Please join us as we 'Lie In' at the

State Capitol, St. Paul

Wednesday, April 16 at 1:00pm

**to remember the 32 people killed
at Virginia Tech & the 32 people murdered
everyday in the US by gun violence!**

We need 32 people wearing black to lie down for three minutes at a rally in front of the Capitol building. We also need as many people as possible to attend the rally even if you are not one of the 32.

If you would like to participate on that day, please contact Sue Fust at csm@endgunviolence.com.

This is part of a nationwide effort to remember the victims of gun violence and to call attention to the problem of illegal gun trafficking and easy access of guns to criminals.
